

Multi-Mode Net

CQ CQ CQ – Calling the Stanly County Amateur Radio Club and ARES Multi-Mode Net.

Your Net Control station this evening is _____. I am located in _____ and my name is _____.

This net is a function of the Stanly County Amateur Radio Club and Stanly County Amateur Radio Emergency Service. The purpose of this net is to test our ability to communicate over multiple modes, including 220 MHz analog and various digital voice modes. Each week will feature a different mode. Please check the K4OGB.org Website to determine which mode is to be use each week.

All licensed amateur radio operators are invited to participate in this evenings' net.

=====

The first part of this net will be a formal session. Please direct all responses, comments or requests to Net Control. We will now take check-ins. Check-ins will be in alphabetical order, using the first letter of your call sign suffix. This is the first letter after the number in your call sign. When checking in, please call Net Control, un-key to listen for a possible double, then give your call sign phonetically, your name and your location. Please notify net control if you will not participate in the rag-chew portion of the net by saying "Out after formal."

NOTE: After each group of check-ins, please acknowledge by call signs so they are sure they were heard.

Stations Alpha through Golf, please call Net Control

Stations Hotel through Mike, please call Net Control

Stations November through Zulu, please call Net Control.

Any stations, Alpha through Zulu, please call Net Control.

This is _____ with the Stanly County Amateur Radio Club and ARES Multi-Mode Net. This is the end of the formal session of the net. We will now begin the informal session with comments from each station.

Use the roll call list to check for comments.

The informal session may continue for as long as needed.

Closing:

A total of _____ stations, including Net Control, participated in the Stanly County Amateur Radio and ARES Multi-Mode Net tonight.

If there is no further business, the net is closed at _____ hours local time and this repeater (if used) is returned to regular amateur use.

73 from _____
